## SPLENDID ENTERTAINMENT AT FRANCIS MURPHY HALL

A Most Excellent Audience of Town Folk and Visitors—Special Entertainers Assist.

A large and enthusiastic audience filled the hall of the Francis Murphy Union Saturday evening and enjoyed the fine program which had been arranged by the entertainment committee. The program was a decidedly varied one. Opera, drama, sentiment and music were exploited in turn by amateurs who compared favorably with a certain class of professionals.

The members of the Bernard & Beverly Circus Company had kindly tendered their services as a special contribution to the club, and they revealed a musical talent that was most pleasing. Mr. and Mrs. Fritz Fessler sang a duet from the opera "Lily of Killarney" with a pathos and expression that captured the audience. Mr. Fessler's beautiful tenor voice and Mrs. Fessler's sweet soprano, melodiously according each other, formed a rare musical treat to the lucky ones present.

A comic song, "Biscuits in the Bed," by Master Beverly, and "Good Night, Mother," by Miss Dene Bernard, were among the successes of the evening. The dramatic committee produced the second of its laughable sketches, "The Book Agent," rendered by M. M. Noyes, Brook Trowley and Yenne, was indeed a laughable one, and "The Bouncer" as represented by Mr. Trowley was a most realistic one.

A duet by Misses Ruby Hiltz and Eva Hartley and several musical selections by Private Guiding, the popular musician of Camp McKinley, and a short temperance talk by John Martin were among the numbers of the interesting and successful program.

## BOYS' BRIGADE PROGRAM.

Entertainments As Arranged For the Winter Months.

The entertainment plan for the four encampments of the Boys' Brigade through the winter has been completed by Theodore Richards, who was assisted in the arrangements by the secretaries of the Y. W. C. A. and Y. M. C. A. Every Wednesday evening there will be entertainments given at the different meeting places, the Kaaka company gathering at Kawaihae, the Palama company at Palama Chapel, the Punchbowl company at the Miller street quarters, and the Kaula company at the Kaula headquarters.

These entertainments will begin at 7:30 p. m. and some of the best entertainers of the city have consented to take part in the programs. Among these are Mrs. Dr. McDonald, who will sing at several of the entertainments through the winter; L. E. Pinkham, who will illustrate his lectures with rapid chalk drawings, the Dillingham quartette, which will amuse with nonsense ditties, the Kamehameha boys and girls who will be heard in vocal harmonies, and also the Kawaihae girls.

Later Governor Dole will entertain the boys with hunting stories, and of magnetism. Principal Thompson and William Bryan, of Kamehameha Schools will give several lectures in natural history, and C. E. King will make some interesting chemical experiments. Henry Waterhouse has consented to entertain with some clever tricks, and Mrs. Walker will arrange a farce for one of the November Wednesdays. With this array of talent the boys of the Brigade are quite sure to be entertained well throughout the winter, and it is hoped that the organization will be much strengthened by the pleasant opportunities afforded. The year's program will conclude with two union meetings at which "lantern stories" will be the order of entertainment, the two meetings to be held on the evenings of Wednesday, Dec. 5, and Wednesday, Dec. 12.

## Reception to Young.

Next Monday evening the Y. W. C. A. will join with the Y. M. C. A. in a reception to be given at the hall of the latter association for Fred Young, the new physical director. The Amateur Orchestra will furnish the music for the evening, and Wray Taylor, who has the orchestra in charge, is arranging a splendid musical program for the occasion. Ice cream and cake will be served to the guests, and a general good time is to be the order of the evening.

## A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, many of whom I have supplied Chamberlain's Remedy. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists and dealers.
